

The Manitoba Association of Landscape Architects
a component organization of the Canadian Society of Landscape Architects

MALA POLICY
ACTIVE OUT-OF-COUNTRY MEMBERS

In order to promote and accommodate reciprocity among member organizations of IFLA (International Federation of Landscape Architects) the Manitoba Association of Landscape Architects has developed a special category for *Active Out-of-Country Members*.

An *Active Out-of-Country Member* is an individual who has his/her place of residence and office outside of Canada, is an accredited Member of an association or institute similarly constituted to MALA and remits dues through that organization, but also intends to carry out landscape architectural work in Manitoba.

International applicants will be evaluated by MALA on individual merit. Membership in a similarly constituted association or institute will proceed under the direction of the Canadian Society of Landscape Architects.

Evaluation of equivalency of professional degree in Landscape Architecture will proceed as outlined in the ***MALA Policy – Academic Credential Evaluation Requirements***.

Evaluation of English language abilities will proceed as outlined in the ***MALA Policy – English Language Evaluation Requirements***.

Evaluation of qualifications and competency will proceed as outlined in the ***MALA Policy – General Qualifications Interview for Out-of-Province or Out-of-Country Applicants***.

To meet the MALA requirement for satisfactory proof of membership in an IFLA organization, applicants for this category of membership will arrange for the association or institute to submit a letter confirming full membership in good standing in lieu of obtaining signatures of endorsement on the application.

Active Out-of-Country Members are assessed international dues and are entitled to all membership privileges, as described in the By-laws.
