

**Evergreen  
School Ground Design Consultant  
Winnipeg**

**Location:** Winnipeg

**Term of Contract:** part time

**Fee:** Hourly rate - \$31/hr

**Application deadline:** March 25, 2017

**Start date:** April, 2017

Do you want to be a part of the leading national team that is transforming school grounds into diverse, green landscapes for play and learning? Evergreen is looking to build capacity for our work in Winnipeg.

Evergreen is a not-for-profit organization dedicated to making cities flourish. We convene, collaborate and catalyze action to connect people, natural and built worlds. Our goal is to make Canadian cities great places in which to live, move, work, play, learn and thrive.

Evergreen's award-winning Toyota Evergreen Learning Grounds Program is looking for inspiring individuals to play leadership roles in its expanding work. We are looking for talented landscape designers that have special interest and skills in developing children's play and learning landscapes in collaboration with local communities and school districts' facilities and learning departments. To find out more please visit our website: [www.evergreen.ca](http://www.evergreen.ca)

**Key areas of responsibility:**

- Facilitate a participatory design process at a variety of schools advising on school ground greening design, implementation and maintenance.
- Create conceptual designs and conceptual master plans.
- Provide project management for school ground greening projects.
- Liaise with school division staff, administration and school stakeholders.
- Facilitate the development of school division-wide systems to support school ground greening initiatives in concert with other members of the Evergreen

- team (e.g. approvals processes, installation and maintenance guidelines, design standards).
- Provide presentations, outreach and workshops.

**You have/are:**

- A post-secondary degree in landscape architecture or landscape design with emphasis on a participatory design process and at least three years experience.
- Experienced in the design and project management of children's play and learning landscapes.
- CAD is an asset.
- Strong teamwork and relationship-building skills and thrive in a collaborative culture yet are able to work independently with the support and direction of a head office team.
- Proven project management skills with the ability to drive projects from conception through to completion.
- Exceptional communication skills – verbal and written.
- Highly motivated, resourceful and strategic.
- Strong presentation skills.
- Proficient with MS Office.
- A driver's licence and access to car

If you care about children and the environments in which they spend so much of their time; if you think it's crucial for children to experience nature and have regular opportunities for hands-on, outdoor play and learning; and if you are excited by the idea of helping schools achieve this on their grounds **we'd love to hear from you.**

Letters of application, including a resume, may be submitted to:
