

LANDSCAPE DESIGNER, INFRASTRUCTURE

KELOWNA, BRITISH COLUMBIA

WSP is one of the world's leading professional engineering services firms. Every day our more than 34,000 experts work to restore the natural environment and transform the built environment.

In Canada, our 8000+ people are involved in everything from environmental remediation to urban planning, from engineering iconic buildings to designing sustainable transport networks, from finding new ways to extract essential resources to developing renewable power sources for the future.

The excellence we bring to our work and to our workplace has been recognized far and wide. We're a Forbes Top Employer in Canada, one of the Top 100 Sustainable Companies in the World (and among the Top 10 in Canada), and we earned Platinum Elite Recognition through our participation in more than half of Canada's Top 100 Infrastructure Projects.

At **WSP**, we're proud, professional and passionate people. Join us.

POSITION DESCRIPTION

WSP is currently seeking a Landscape Designer to join our Planning & Landscape Architecture and Urban Design department, located at our Kelowna office. Reporting to the Manager, Landscape Architecture & Urban Design, this opportunity will provide you work within a creative, supportive and multi-disciplinary team involved in a wide variety of high-profile landscape architectural projects including parks and open spaces, streetscapes, transportation, environmental assessment, ecological design, heritage preservation and urban design. Working closely with our senior staff, this position will be responsible for participating in the preparation of schematic through detail design, contract documents and construction detailing as well as analysis and report-writing.

RESPONSIBILITIES

- Schematic and Detailed Landscape Architectural Design;
- Participating in the preparation of graphics, 3D renderings, contract documents; tender documents and specifications;
- Research, analysis and report-writing; and
- Other duties as assigned.

QUALIFICATIONS

- University degree in Landscape Architecture (BLA or MLA) preferred. Landscape architectural technicians with demonstrated design talent and exceptional technical skills are encouraged to apply;
 - 2-5 years of professional relevant experience;
 - Self-motivated individual with the ability to work independently and as part of a team, a strong desire to take part in finding creative solutions that are environmentally responsible and technically sound;
 - Strong design and technical ability, with an understanding of the Landscape Architect's role in a consulting environment;
 - Excellent skills in AutoCAD are required, with ability to work on multiple, complex projects with multi-disciplinary teams;
 - Fluent in Adobe CS, Sketchup and a general proficiency in rendering software;
 - Excellent communication, both written and verbal;
 - Eligibility for membership in British Columbia Society of Landscape Architects (BCSLA) a strong plus; and
 - A valid driver's license and vehicle is preferred for site/project meetings and inspections.
-

Offers of employment for safety-sensitive positions involving fieldwork are contingent upon candidates being able to perform key physical tasks of the job as described in the job posting and interview. This may include the ability to work in a variety of environmental conditions, such as remote or isolated areas, working alone, and in inclement weather (within safe and reasonable limits).

To learn more about our firm and the projects we have been involved in, please visit our World of Possibilities website listed below.

WSP is committed to the principles of employment equity. Only the candidates selected will be contacted.
